SUMMARY

Motivated Information Science graduate with hands-on experience in Python, Django, REST APIs, and MySQL. Built full-stack web applications and machine learning projects during internship and academic work. Seeking a Python Developer role to contribute to real-world solutions.

EDUCATION

Bachelor of Engineering in Information Science Jawaharlal Nehru New College of Engineering, Shivamogga Current CGPA: 8.49/10	December 2021 – June 2025
PU (Pre-University) , Pace UM PU College, Shivamogga Percentage: 68%	April 2020 – July 2021
SSLC , Kendriya Vidyalaya School, Shivamogga Percentage: 73%	April 2018 – May 2019

TECHNICAL SKILLS

- **Programming Languages:** Python
- **Front-end:** HTML, CSS, JavaScript
- **Databases:** MySQL
- **Frameworks/Libraries:** Django, React.js
- **Tools:** VS Code, PyCharm, Git, GitHub, MySQL Workbench

PROJECTS

Potato Disease Identification Using Deep Learning	Python, Flask, HTML, CSS, Tensor flow, Streamlit
• The project aim is to develop a deep learning model using CNN to classify potato leaf images into three categories: Late Blight, Early Blight, and Healthy. The goal is to provide an automated solution for early disease detection, helping reduce crop losses and improve yield.	

Job Portal	Python, Django, MySQL, HTML, CSS
• Developed a full-stack job portal with dual role authentication for recruiters and candidates, featuring job posting, resume uploads, application tracking, email notifications via Gmail SMTP, and a modern User Interface.	

INTERNSHIP

Python Full Stack Trainee — Pentagon Space, Bangalore	July 2025 – January 2026
• Developed full-stack web applications using Django, MySQL, HTML, CSS, JavaScript, and React.js. • Designed and integrated REST APIs for seamless frontend-backend communication. • Implemented authentication, CRUD operations, and SQL-based database management features, supporting application reliability and data integrity. • Collaborated with team members on multiple real-world projects, troubleshooting issues and following software development best practices.	

COURSES & CERTIFICATIONS

- Full Stack Web Development Training Certification – Pentagon Space, Bangalore (2025–2026)
